OEM/ODM CUSTOMIZATION SERVICE OEM/ODM

Both parties negotiated and confirmed the machine customization plan

Hardware and software engineers develop products according to the customer's functional requirements

Structural engineers and appearance engineers design structure and appearance

Client to confirm

Make molds and produce samples

The first batch of prototypes were delivered to customers for testing

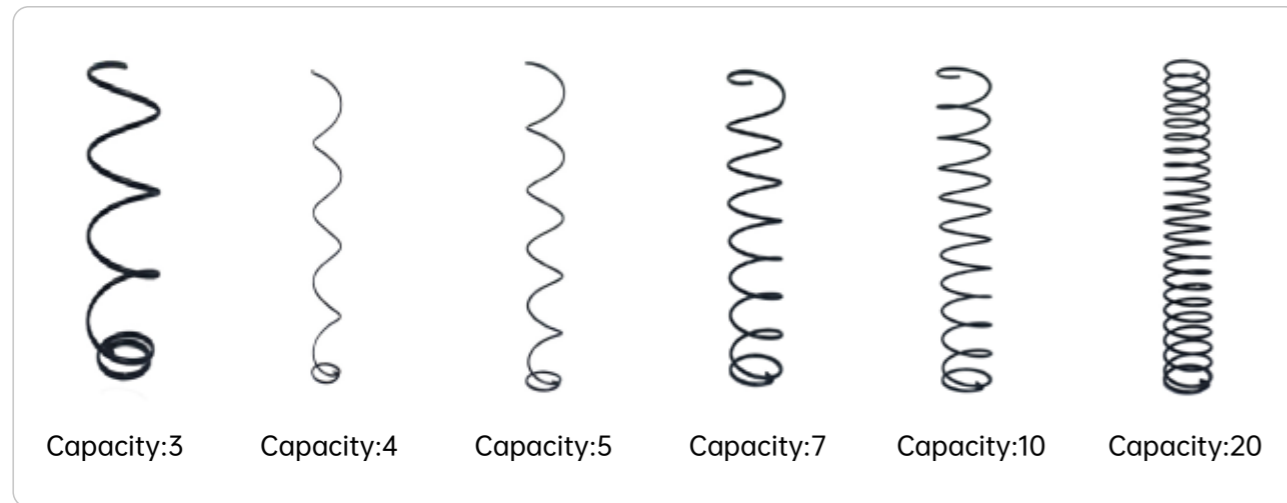

According to the confirmed prototype for labeling, mass production for clients

APPLICATION SCENARIO

- No installation, flexible device placement
- Scientific management, remote positioning and accurate distribution
- 24 hours 400 customer service hotline, anytime to solve your problems
- 15,000 vending machines, remote data management, real-time monitoring of sales and fault information
- First-line brand beverages, hot selling goods are constantly updated, and fresh and direct delivery by manufacturers to ensure food safety

PRODUCT PARAMETER

8 INCH -36 GOODS CHANNEL

GOOD QUALITY INTELLIGENT PURCHASE

AI smart face vending machine

Mobile remote control
Remote audit/price change/
lighting/temperature

Intelligent temperature control
Cold and hot dual temperature
intelligent regulation

Instant receipt
Customer funds arrive more assured

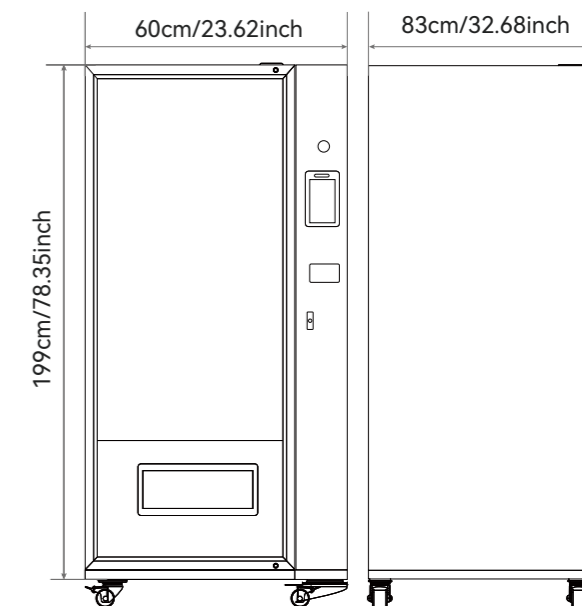

Ultra-large capacity
Can carry 300-800 items

Put an end to arbitrary charges
Smart background is free to use

Adjustable cargo channel
Height and width can be adjusted

PRODUCT PARAMETERS: 36channels 60 kinds of goods 360capacity

Device model: ZG-ZL-N36-S8

Device size: 600x830x1990mm

Pre-packed size: 650x880x2000mm

Rated voltage: 220V/50HZ

Ambient temperature: cooling temperature

Room temperature power: 35W

Cooling power: 460W

Heating power: 500W (optional)

Defogging power: 40W (optional)

Inventory: 180~360 pieces

Refrigerant number: R290

Weight: 122kg

Pre-packed weight: 124kg
